THE RAYMOND LION

The Lions Club started a meeting last Monday night in the Opera House with a dozen of their thirty-eight members in rather a gloomy mood. We had no President, no First Vice President, no Third Vice President, no Lion Tamer, no Tail Twister, no Program Committee and no Program either, we were short two directors. The house was cold.

It really is not quite that bad—and I am not really b. . . . We felt much better as we absorbed a lovely hot supper served by Mrs. Thompson. We appointed a brand new Tail Twister, Loren Larsen, and a very good start did he make. Keep it up Loren, they need a bit of digging. Stragglers kept dropping in for a late visit as the evening wore on. We finally ended the evening with about half the club members showing and placing. The President came in about forty minutes late with mud well in evidence—of course you know his story. He made it good. Not only was he stuck but they got the tow tractor bogged down, too.

Considerable discussion developed concerning the telephone situation in our town. The system does not seem satisfactory to most of our members—the business men were most volatile in protest. We finally passed a resolution to sponsor a petition or protest of some kind to institute remedial treatment. The business men thought that the least we could ask for was a speeding of service by adding at least one more circuit to the line between here and Lethbridge.

Change upsets a lot of things—often for the better. But right now we are wondering seriously about the Club Rooms the Lions have had so comfortably for a number of years. The situation has been very ideal for some time. As the Opera House changes over, there will be an adjustment necessary—what, is yet to be determined.

The Calf Club season will be wound up—last Tuesday in fact—with a big banquet in Lethbridge provided by the joint sponsors for the (continued on page two)

Mayor Jensen Made Honorary Chief At 4th Ward Speech Festival

Tuesday evening the Second Ward Mutual enjoyed a very entertaining Speech Festival; the theme being Indian Lore. Betty Evans told the story of "By the Waters of Minnetonka" after which a double trio consisting of Lavon Dahl, Ethel Tollestrup, Dorothy Nielson, Gen Hawkins, Mary Rasmussen and Betty Evans sang the story, with accompaniment by Reita Walker at the piano and Eddie Kiddle with the violin. Indian Legends were told by Elaine Larsen and Lawrence Turner after which Itetta Hill and Barbara King, attired in Indian costumes, sang an Indian Lullabye.

Mrs. Erickson led the congregation in a few Indian tunes following which Bishop Jensen was crowned an Honorary Chief of the local tribe. Kathryn Brandley, Speech Director, presented him with an Indian Head-dress and gave him the name of Chief Many Children, Second Ward M. I. A.

Mrs. L. D. King representing the Stake Board spoke briefly at the conclusion of the evening.

Friday evening the United Church Young People presented a very entertaining Program for those who gathered in the Legion Hall. Miss Hilda Buchnal was Master of Ceremonies and the program went on as follows:

Opening remarks by Peter Vanderhill, solos, "Sweetest Story Ever Told" and "An Old Fashioned Walk" by Mrs. Alice Court, Don Petrack and Reid Scoville sang "Blue Tail Fly" after which Don and Mary Court sang "Have You Ever Been Lonely" and "The God's Were Angry at Me". "If You Knew Suzy" was the title of the song hilariously burlesqued by Doris Helgeson and Mary Court. Agnes Petrack, Joan Jessop, Shirley Johnson and Mary Court in full costume then sang "Sweet Violets" and a medley of other songs after which Don Petrack entertained with an accordion solo followed by Eddie Wagstaff who told about "Little Girls". Radio Replies were explained by Joan Wagstaff. "Peggy O'Neil" and "Rose of No Man's Land" were the concluding numbers sung by Shirley Johnson.

Sterilization of equipment has always been one of the most important tasks of the Blood Transfusion Staff prior to clinics. Shown above is Miss Joy Cavanaugh inspecting some of the tubes after they have been in the Autoclave the required number of hours.

Your Blood The Red Cross Needs

The Red Cross Blood Transfusion Service is ready. Ready to utilize its establishment whenever and wherever needed. Defense Minister, Brooke Claxton's recent announcement that the Red Cross has been named official agency for the procurement of blood and blood products for both the Armed Forces and Civil Defense needs, strikes on each of us. By giving blood now we not only assist members of the Armed Forces, but we will prepare for ourselves, the civilian population, in peace or in the event of war.

The Red Cross Blood Transfusion Service has now taken on a dual responsibility. It must procure blood, some three thousand donations per month for Alberta hospitals, and it must stockpile blood products for the future. Your Red Cross cannot do this without the interest and help of every person in Alberta.

It is true that not all persons can donate blood—some are not physically capable and others are not in the acceptable age group of 18 to 65. Those who can be donors are requested to do so, most sincerely. Those who cannot assist to help in various other ways; by encouraging donors to attend; by assisting them to attend; by taking positive action that spells "SUCCESS".

Make your Raymond Clinic a matter of pride for the Community. Do your part, your efforts are all that maintain the free Blood Transfusion Service.

Mr. and Mrs. Henry Jensen and Mr. and Mrs. Irvin Fawns motored to Creston, B. C. over the weekend.

Mr. and Mrs. Jerry Witbeck moved to Coutts at the first of the week where Jerry is opening his own Barber Shop.

A number of friends gathered at the Clarence Bowden home Saturday evening to honor "Punk" at a surprise Farewell Party. After a delicious lunch the crowd gathered at the dance for the remainder of the evening.

Having attended Mission School last month in Salt Lake, he left here on Monday for Vancouver from where he sailed for Australia.

Mr. and Mrs. Brandon Smith of Albuquerque, New Mexico are guests at the home of Mr. and Mrs. C. B. Smith this week.

Sod-turning Ceremony Planned For School

All members of the local School Board and Mr. Meech, the Architect of the new school, met on Wednesday night to determine whose bid for the erection of the building would be accepted.

After due deliberation the Oland Construction Co. of Lethbridge were awarded the contract if the plans and price are passed by the Provincial Department of Education. No definite figure has been quoted but it is believed that the project will cost between \$135,000 and \$150,000.

The sub-contractors have not, as yet, been named but it was disclosed that no local firms were given contracts.

The idea of having a sod-breaking ceremony for the new school has been put forth and we believe that it is an idea of great merit. If all goes well with the Dept. of Education, the ceremony will probably take place in the very near future.

Effective October 13 The CPR Depot will be closed all day Saturday.

Hi School Capers

By Renae Rasmussen

We are pleased to have Renae Rasmussen as our High School writer this year. We are sure she will do a fine job and we know that she will welcome any comments that will help make her column even more interesting. We also would like to hear any comments you have on her work.

The first few weeks of autumn have passed, together with the beginning of a new school year. New opportunities and excitement are awaiting us everywhere. New things are in the making as the old Raymond High blooms forth at the beginning of the fall term. There is confusion over books and classes, with minds finding it difficult to adjust themselves to the regular grind of responsibility.

Autumn Wedding At The Alberta Temple

Marriage vows were exchanged in the Alberta Temple on September 28 between Elaine, daughter of Mr. and Mrs. Azel Stevenson, and Donald Richard, son of Mr. and Mrs. J. S. Low of Cardston. Pres. Smith officiated in the presence of immediate relatives.

After the ceremony a buffet lunch was served the wedding party at the home of the groom's parents in Cardston.

The radiant bride was gowned in a white satin model featuring a lace bodice and matching lace peplum. A flinger tip veil cascaded from a coronet made up of seed pearls. She carried a beautiful bouquet of red roses.

Bridesmaids Margaret Rodeback, Joyce and Janice Stevenson, Buella Brim and Marlyn Gamble wore floor length pastel gowns of taffeta and carried lovely nosegays of carnations and roses. The brother of the groom, Bob Low was Best Man and Ronald Stevenson and John Low were ushers.

Mrs. Stevenson wore for her daughters wedding a red afternoon frock to which was pinned a corsage of pale yellow roses, while the groom's mother wore a black frock and a corsage of red roses.

(continued on page three)

Welling Boy On TV

LaDell Bullock of Welling had the novel experience of performing on television during a recent visit in New York.

As a guest at the Radio Corporation of American Exhibition Hall, he mounted a brightly lit platform on which a television camera was trained. Then he watched himself "perform" on a television screen which faced the platform.

The RCA Exhibition Hall in Radio City is one of New York's main gathering places for out of town visitors and houses the largest free electronic exhibit in the metropolitan area.

Other places LaDell has visited are Omaha, Chicago and Niagara Falls.

Heber Jones Honored

Heber Jones, who left the following day for Mission School in Salt Lake prior to leaving for the Eastern States field of labor, was honored at a Farewell Service in the Fourth Ward Sunday evening.

Mr. and Mrs. Jim Harker rendered a vocal duet after which Mrs. Helen Babb, who had worked in the Primary Presidency with the late Mrs. Jones spoke; concluding her talk with a poem "To Missionaries". Ken Hicken played an organ solo and Jim Bridge who had worked in the Priesthood classes with Heber gave a short talk, followed by Mr. Jones, Heber and Bishop Snow, all of whom spoke briefly.

1st and 4th Ward R. S.s Hold Opening Socials

A program of music and readings was enjoyed Tuesday afternoon by the Ladies of the Second Ward at their Annual Opening Social.

The following program was announced by Lucy Stevens: a piano and vocal solo by Jeanine Jensen, a duet by Laura Watson and Gen Hawkins and a piano solo by Margaret Bridge. Geneva Erickson and Etta Brandley each gave a reading, after which Katherine Brandley entertained with a violin solo.

A lovely lunch was served the ladies at the close of the afternoon under the direction of Mrs. Paul Schnie-mother were a black frock and a corsage of red roses.

A very enjoyable afternoon was spent at the Fourth Ward Relief Society Tuesday evening at their Opening Social.

Kathryn Keeler and Margaret Bridge played a lovely piano duet after which Dickie Cooper read an amusing Gazette followed by a vocal duet by Margaret Stone and Dawn Mendenhall. A Reading was given by Vi Meeks and a piano solo by Norma Zobel, followed by a vocal trio by Mary Watson, Lavonne Bullock and Kay Anderson. After a violin solo by Katherine Brandley, Geneva Erickson gave a Musical Reading, accompanied by Reita Walker at the piano, followed by a piano solo by Mary Snow. A reading by Phyl Meeks and a vocal solo by Theodora Meeks concluded the very entertaining program.

A delicious lunch was served to the fifty ladies present.

PROCLAMATION

The week commencing

Sunday, the seventh day of October

and ending

Saturday, the thirteenth day of October

has been designated as

Fire Prevention Week

and the following suggestions are hereby made to the citizens of Raymond for their good and the good of their community.

1. All dwellings, public buildings, stores, warehouses, farms, factories, mines and forests be carefully inspected by their occupants and all conditions likely to cause or promote the spread of fire be removed.

2. All theatres, hotels, hospitals and other institutional buildings be inspected and provision made for all changes necessary to protect the occupants in case of fire.

3. Fire drills be held for the children in all schools, for the inmates of all institutions, and for the employees in all factories, in order that a greater degree of safety be insured by acquainting the occupants with the best and most expeditious mode of exit in time of danger.

4. Special instruction on the subject of fire prevention be given by the teachers and by municipal officials in the schools and that appropriate literature as may be made available be distributed to the pupils.

5. Federal, Provincial and Municipal authorities endeavor, by means of public meetings, the press, radio broadcasts, specially prepared motion pictures or otherwise as may to them seem most fit, to impress upon the citizens the national importance of protecting life, property and natural resources from loss by fire.

IN THE SUPREME COURT OF ALBERTA

At the last Ladies Auxiliary Meeting held at the Legion Hall, the ladies quilted a quilt while discussing their business. Final plans were made about the Bazaar and Bazaar to be held on October 13.

The raffle prize was donated by Mrs. Annie Adams and was won by Mrs. Helgeson and lunch was served by Mrs. Flo McKean.

THE RAYMOND LION

(continued from page one)

entire Calf Club membership and their dads. The various awards and prizes will be presented to all winners. P. K. and Grant Card will stand in for the Raymond Lions Club—they are members of our Lions Club Committee in charge of this work. Doug Paxman is the Chairman and Jim Hironaka and Murray Holt are also members. Thanks Doug and all the Assistants—you have always had a very strong Raymond Section. Too strong for most of the other districts.

The President and his directors met following the regular meeting and appointed the rest of the Committee Chairmen for the new term.

Bill Greep will head up the Attendance Committee; Const. and Conventions will be looked after by Jack Evans; the Finance Committee will be headed by Jack Jones; Membership by Arlidge Hill; Program by Deb Thompson; Publicity by L. L. Harker; Blind Work by P. K. Moreland; Boys' and Girls' Work by Rayo Woolf; Citizenship and Patriotism by Bill Jensen; Civic Improvement and Community Betterment by Herbe Wilde; Education by M. T. King; Health, Welfare and Safety by Dee Rolison; Stampede by Karl Wilde and Agricultural by Doug Paxman.

The Dope Racket

We were all shocked recently by reading that a taxi driver was picked up for peddling dope to teen-age kids. A number of years ago, after the Lindbergh kidnapping, a law was passed making kidnapping — when it became federal — punishable by death. I think that you will all agree that giving kids free shots of dope to make them addicts is a far bigger crime than kidnapping. Kidnapping, in most cases, endangers only one life. Criminals like this taxi driver endanger not only one life, but create a living death and a dishonorable life for every victim they create.

Possibly few of us realize that the penalty for the first offense of dope peddling is not much greater than that of a hungry man who steals a loaf of bread. It might not be a bad idea for us to urge legislation making the penalty so severe (and in my opinion death would hardly be severe enough for these rats) that few would ever try it. We owe at least that much to our kids.

By
 Dr. F. J. GREANEY,
 Director,
 Line Elevators Farm Service,
 Winnipeg, Manitoba.
 sponsored by the following companies:
 Federal, Alberta Pacific, Pioneer, Canadian
 Consolidated, Paterson, McCole, Forliss,
 & Heimbecker, Inter-Ocean, Independent,
 Ellison Milling, Canada West, Robin Hood,
 and Quaker Oats.

A FREE SEED TESTING SERVICE

Again this year, the Line Elevators Farm Service will undertake, without charge, to make germination, smut, and other seed tests on farmers' samples of Wheat, Oats, Barley, Rye and Flax. This reliable free seed testing service is available to any farmer in Western Canada.

Why Test Seed? Every farmer should know what kind of seed he is planting. To many, the "kind" of seed means "variety". But many other things besides variety influence the kind or the quality of the seed we sow. Most important of these are: (1) Ability to germinate strongly. (2) Freedom from smut, and other diseases. (3) Weed seed content. Only by careful laboratory tests can these factors be satisfactorily determined.

Germination Important. A germination test is the most important of all seed tests. Why? Because a seed is actually a young plant or embryo in a "dormant" or resting stage of growth. Consequently, a germination test is necessary to tell us just how many, or what percentage, of the seeds in any given sample are alive and capable of producing strong, healthy plants.

Submitting Samples. All a farmer has to do to have a free germination test made is to take a truly representative sample of the seed lot he wants tested, 4 to 6 ozs. of "cleaned" seed, to the local Agent of any of the Line Elevator Companies listed above. The Agent will do the rest. He will forward the sample to Winnipeg for testing, and return the "Germination Test Report" to you. Please send in your seed samples for testing this fall.

Important Notice. Seed offered or advertised for sale must be tested at a Government Seed Testing Laboratory. Consequently, farmers desiring official seed tests should send their samples directly to the District Inspector, Plant Products Division, in Winnipeg, Saskatoon, or Calgary.

At a recent Cremation Association Convention held in Berkeley, California, Louis King, a former Raymond boy was elected President of the Cremation Association of America (which includes Canada).

Last year Mr. King was made Vice President in a Convention held in St. Louis, Missouri.

Mr. King is manager of the Washelli Crematory Association in Seattle Washington. He is also President of the Freemont Lions Club there.

Here are some car features that you'll quickly recognize as "quality features". They're the kind of features you'd expect only in high-priced cars. Now let's see who offers these features as standard equipment, among the cars in Plymouth's price class!

Here are Plymouth's
"yes" or "no"

answers on value
 in the lowest-priced
 field

This is only the beginning of the Plymouth Value story! Your Plymouth dealer has the new Quality Chart showing many more of Plymouth's big-car Quality Features. Let him show you how Plymouth gives you 19 out of 20 of these big-car features while car "A" gives you 11—and, car "B" only 5! He'll show you what these features mean in extra Comfort, Safety and Performance. And, as a final test—he'll ask you to drive Plymouth! Then, you'll find Plymouth rides like a big car because it's big-car-built—to serve you better!

EVERYTHING TO GAIN
AND NOTHING TO LOSE

Book Your Orders Now for Spring Delivery
 It's Like Putting Money in the Bank

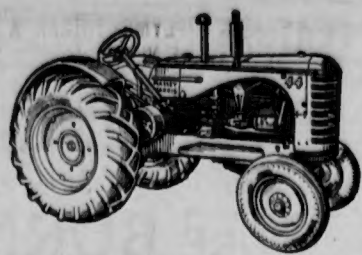

Here is a deal that is bound to appeal to progressive business minded farmers who plan ahead.

1. You book your order for Marvelube Motor Oil and Gear Oil and Greases before December 31st.
2. The lubricants are delivered between February 1st and April 30th.
3. If prices rise between now and spring delivery, you pay today's price only. If prices drop you get the full benefit of the lower price.

Early orders help us cut production and distribution costs. That is why we can afford to make this offer. Your Imperial Oil Agent will no doubt call on you. He will gladly recommend lubricants for each farm use. You are assured of getting the right lubricant and the right grade in the quantity you require. Your supplies will be on hand when you need them.

Hi School Capers

(Continued from page one)

Soon will come elections, preceded by long hours spent in the preparation of campaign speeches and posters, followed by a long, antagonizing wait until the ballots are counted and the final word is received. Once again the school will be turned into an exhibition of colorful posters and signs scattered in an endless array throughout the building. It will not be an uncommon sight to see the school lights shining 'til late at night, and also to see boxes being lugged into the building in preparation for the great event.

Of course there will be delightful Seminary parties under the supervision of Bill Nalder. Already there is a sigh in the wind that whispers of a party in the making for certain Freshmen.

Basketball teams will be chosen from our good supply of athletes and once more we will try for the titles and trophies of true champions.

Soon the "Hi Times" will again be rolling of the press to inform us of the latest school functions gathered hurriedly by the room reporters at the last minute. But what would be school without all this?

The good RHS atmosphere is buzzing with the activity that promises a year of interest to all.

THE SIGN OF BETTER SERVICE

The 'Canberra' Files the Atlantic
Three British airmen recently flew the world's first jet bomber—the Canberra B. 2—from Northern Ireland to Gander, Newfoundland, without refuelling, breaking all Atlantic records with a 2,100 mile flight in four hours forty minutes at an average speed of 450 miles per hour.

The Canberra was piloted by Squadron Leader A. E. Callard, D.F.C.,

with Flight-Lieut. E. Haskett as navigator. After arriving at Gander, the Canberra was refuelled and flown to Andrews Field, near Washington, and handed over to the United States Air Force for a series of tests. Although no decision has yet been made, the bomber will probably be built in America for the United States Tactical Air Command. The crew wore the experimental clothing which is likely to become standard for all R. A. F. crews engaged in high-altitude flying, as well as special under clothes and overalls for use in cold weather. The experimental equipment included pressure round the lungs to counter balance the reduced external pressure.

The picture shows: The Canberra about to land and the crew who flew her over the Atlantic.

S. B. CARD & SON

Mr. and Mrs. S. I. May of Cardston were guests at the home of Mr. and Mrs. Harold McBride on Sunday.

Autumn Wedding
(continued from page one)

Mr. and Mrs. Lyman Jacobs and Mr. and Mrs. Wm. Anderson greeted the guests at the Reception held in the Stake House which was beautifully decorated in a green and white color scheme and a profusion of flowers. Mesdames Marie Zemp, Ella Hancock, Ramona Geremia and Miss Colleen Ralph accepted and arranged the many lovely gifts and Shirley Smith presided at the Guest Book and Hazel Fairbanks sang during the signing of the Register.

Mesdames Mabel Salmon, Iva Jensen, Phoebe Dahl, Lottie Graham and Irene Holladay assisted in the kitchen while Bernice Dahl, Mary and Margaret Rodeback, Connie Mehew and Alice Stevens, under the direction of Mrs. Ruth Salmon, served the delicious lunch. The guests were seated by Gladys Holt and June Anderson.

A lovely three tiered wedding cake topped by a red rose, graced the Bride's Table which was decorated with white net and dainty flowers.

Dick Kinsey was Master of Ceremonies for the program which followed. Jeanine Jensen sang a solo after which a vocal trio made up of Gladys Holt, Gen Hawkins and Laura Watson rendered a number. Mrs. Stutz of Cardston gave a reading and a Ladies Quartet from Beazer was also enjoyed, as was the Temple City Quartet.

Bishop Dahl proposed the Toast to the Bride with the Groom responding.

For her going away, Mrs. Low chose a wine suit and grey accessories, with a corsage of pink carnations pinned to her coat.

On their return from a honeymoon trip to Washington and Oregon, they will make their home in Cardston.

The Friendship Club met at the home of Mrs. Moselle Baker Wednesday evening and Mrs. Fern Thompson presented the lesson topic for the evening.

A delicious lunch was served by the hostess.

Good Grooming FOR MEN by Ralph Edwards

SPECIFIC COMFORT

Being specific about comfort let's consider the suit coat. Your coat should be roomy enough to be worn at your desk and still feel comfortable. You should be able to stretch your arms fully forward and not have the shoulders or blades bind. Suit coats no longer fit like a sausage skin but have ample extra fullness behind the shoulders at the blades. When the tailor tells you that the goods should be there and "she" says its looks sloppy — pay attention to the fitter because he knows that fullness gives you comfort. Check the arm scye for height (that's the armhole in the sleeve). It should be high under your arm for most comfort.
